## Your Attention Please!

The Physicians and staff at Midwest Nephrology Consultants, P.A., welcome you to our practice and sincerely hope the kidney care you will receive from our practice will exceed your expectations. If it does not, please let us know!

We understand your time is valuable and we will do our very best to be timely and meet your expectations. We also realize that from time to time, life gets in the way and you may have to reschedule an appointment and may even miss an appointment.

Due to the very tight schedules our providers keep in order to accommodate our patients, *it is imperative that you notify our office if you will not be able to keep your initial new patient appointment or any future follow up appointment.* Failing to do so means other patients in need will not have an opportunity to be seen and makes for an unproductive day for our providers and staff. In addition, rescheduling wait times may not be immediate.

Repeated failure to notify our office of a cancellation of your appointment may result in scheduling times *only* at the end of the day and in chronic cases, dismissal from the practice.

Please be considerate of our providers, staff and other patients that may need to be seen urgently.

We thank you for your cooperation!!
